

VENUSIAN TRAPS + VENOM & POISON

Conversion Notes

Venusian Traps

4.1

Traps can be used in any phase. Phase 2 and 4 have designated areas marked with yellow circles for trap locations.

1-5 Poison spore traps (hidden in bundled grass)

6-10 Urchin mines

11-15 Spiked pitfall trap (4 ft, full of water)

16-20 Crushing iridium stones

Poison spore traps

4.2

> **Triggered:** When players walk through tall grass housing the trap, 2-ft radius. If exposed, roll [2.2].

> **Hidden:** Wrapped tightly in cordgrass still rooted in the ground. Tucked away at chest height.

Urchin mines

4.3

> **Venomous spines:** Pierces through anything that steps on it. Causes poison damage [2.2].

> **Hidden:** Placed under debris, in creeks, shallow waterways, or other narrow pathways likely to be trodden on.

Spiked pitfall trap

4.4

> **Sharpened poles:** Sharp wood and iridium poles sticking out from the bottom and sides of the 6 ft pit. Causes piercing damage.

> **Hidden:** Dug in clearings or narrow passageways. Concealed by debris.

Crushing iridium

4.5

> **Dense and Heavy:** 7-inch rigid cube weighs ~240 lbs. Bludgeoning damage.

> **Triggered:** When the support is slightly disrupted.

> **Hidden:** Balanced on doors left slightly ajar.

Venom & Poison Symptoms

2.2

1 White blood cells in your body are destroyed as you experience internal hemorrhaging.

2-4 The victim suffers a storm of seizures. During the episode, they vividly experience a nightmare [3.1].

5-7 Affected skin erupts into painful blisters. They painfully explode when pressured.

8-11 Your nervous system is attacked, stopping nerve signals to the affected area. Local paralysis ensues.

12-13 Severe abdominal pain weakens your body. You vomit, leaving yourself weak.

14-15 Vision blurs and everything seems to be duplicating.

16-17 The affected area swells. Cold sweat and chills take over your body.

18 The gray world around you begins tilting. You begin seeing vibrant colors in distorted forms.

19 Nothing happens.

20 You feel the venom/poison quickly transporting through your bloodstream. Your eyes widen as you feel stronger and your senses heighten.
